

Preet Singh's Alhaji has refused to do it. After
 some time they noticed that there were ~~people~~ around so
 they decided to do a communal labour by weeding the
 weeds off. ~~So~~ Preet's fine it was in the dry season
 when they noticed there was a heavy scent coming from
 it as they noticed that four people have laid a pipe
 where they pump the excretion into the house of one
 woman, they approached these four people and they had
 been going to the police station for several days. Upon
 the approach they took of the pipe which was laid to
 pump out their waste. They are therefore here to
 seek for a solution to that.
